Junior Golf Program

Let's
Play
Golf!!

Our 7-week junior program is an opportunity to learn golf, play golf, and have fun! We will learn golf skills, learn muscle movement and development activities, play golf, and most importantly, have fun! 5 weeks will consist of golf and movement skills. 2 weeks will be play days, where we get on the golf course and learn how to manage a round of golf. We end the program with a parent day where we invite the family out to play golf and enjoy a season end banquet.

*Play days start at 8:00am.

**Sunday, August 16th at 2:30pm is family day. The entire family is invited to play golf followed by a fun filled banquet!
